

Magic Heat

Heat Reclaimer

A **HYC** Company

Save Lost Heat!

Magic Heat will reclaim up to 30% of lost heat from your stove, and distribute it into your home. Here's what Magic Heat users are saying...

"I've doubled the efficiency of my stove. The fan allows me to distribute heat to areas of my house I could never heat before."

F. T. - Oregon

"It's safe to use and easy to install."

B. E. - South Dakota

"By saving lost heat, you are saving fuel as well as labor—you really can't afford not to own one."

D. J. - Nova Scotia

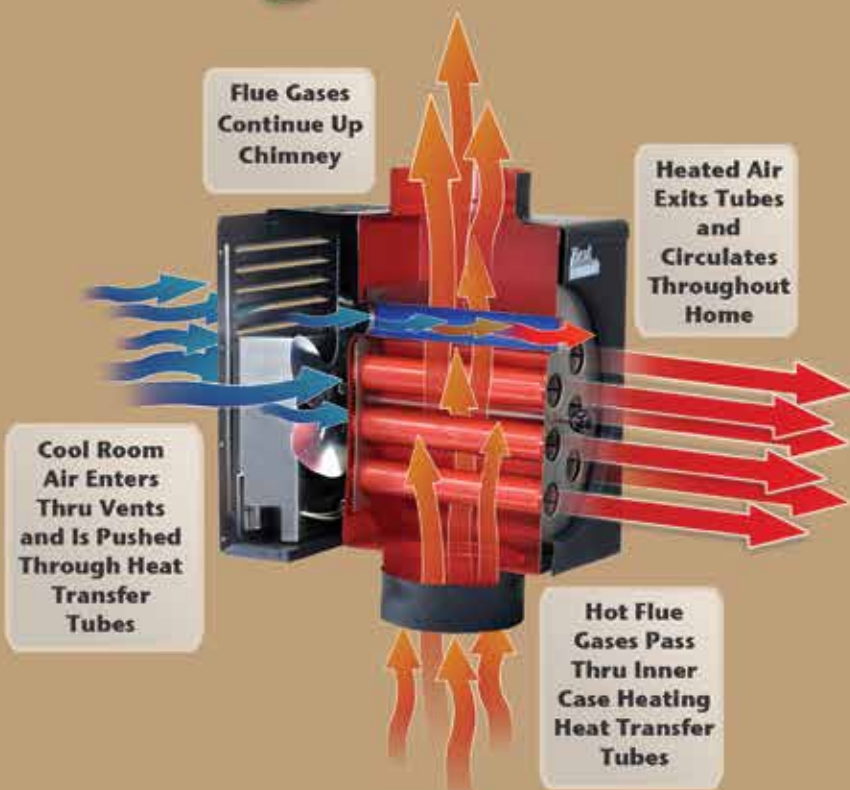

**For Wood, Coal, Oil,
and Gas Stoves**
